EXPERIENCE

UI Designer and Assistant Producer
Garden Eight
TOKYO, JAPAN   *DEC 2022 - OCT 2023*

- Collaborated with internal stakeholders to design proposals, presenting initial concepts, estimates, and timelines to clients
- Developed site maps and initial website wireframes in Figma to meet client requirements
- Produced UI mood boards based on project briefs for front-end developers

Architectural and Graphic Designer
Noiz Architects
TOKYO, JAPAN   *JUL 2022 - JAN 2023*

- Created design iterations for exhibitions, art installations, and window displays for clients and competitions, locally and internationally
- Utilized Adobe Creative Cloud and Rhino for 2D and 3D design, meeting tight deadlines in a multinational, cross-functional environment
- Designed the mobile UI for a time-limited augmented reality game project based in Tokyo

UX/UI Designer
Roche Diagnostics
SYDNEY, AUSTRALIA   *MAY 2021 - MAY 2021*

- Restructured the website for Roche Diagnostics Australia after having consulted with internal stakeholders
- Translated Roche's renowned personal approach and impeccable customer service on its digital platform

UX/UI Designer
Avertro
SYDNEY, AUSTRALIA   *APR 2021 - APR 2021*

- Created a lite version of the company's full-service platform to attract SMEs with existing brand IPs
- Established key functionalities, streamlined onboarding and built a new platform

Architecture Working Experiences
Ewert Leaf
Billard Leece Partnership
MELBOURNE, AUSTRALIA   *2016-2017, 2020-2021*

- Contributed to town planning packages for multi-residential and commercial projects under tight timelines
- Collaborated with interdisciplinary teams, including designers, engineers, and contractors, to ensure compliance with building regulations throughout the design process
