EXPERIENCE

Software Engineering Immersive Student
General Assembly
MELBOURNE, AUSTRALIA   *OCT 2023 - DEC 2023*

- Successfully completed a 12-week immersive full-stack software engineering course.
- Developed four projects demonstrating a depth of knowledge acquired during the program.

Assistant Project Manager
Garden Eight
TOKYO, JAPAN   *DEC 2022 - OCT 2023*

- Connected with international clients and partners.
- Took the lead in proactively reaching out to clients and partners.
- Collaborated with developers to design proposals, including initial design concepts, estimates, and timelines.

Architecture Graduate
Noiz Architects
TOKYO, JAPAN   *JUL 2022 - JAN 2023*

- Refined work based on feedback from a senior designer within tight deadlines.
- Played a supporting role in an international team of architects.
- Contributed to both regular design tasks and competitions, meeting tight deadlines.

User Experience Intern
Kobe Creations
MELBOURNE, AUSTRALIA   *JAN 2022 - APRIL 2022*

- Collaborated with developers and external stakeholders to design the interface for a local craft beer company website.
- Utilized Google Analytics data to track user behaviors, informing design measures.

Architecture working experiences
Ewert Leaf
Billard Leece Partnership
MELBOURNE, AUSTRALIA   *2016-2017, 2020-2021*

- Contributed to a team delivering town planning packages for multi-residential and commercial projects on tight deadlines.
- Assisted project leaders in addressing design constraints by checking building codes and design briefs.
